

JULY 23RD, 2024 EMERGENCY PEDIATRIC READINESS

Oregon Emergency Nurses Association Provided Education

The Pediatric Readiness Program is a national effort to address improving outcomes related to pediatric emergencies. This class will cover triage goals and assessments, pediatric shock, and respiratory emergencies. Hands on skills sessions will review vascular access and advanced airways. Simulation via a "Mock Code" will also be conducted. The class is taught by Oregon Emergency Nurses Association RN's, whose goal is to education facilities to be better prepared to treat pediatric emergencies.

Space for this class is limited; you MUST RSVP if you plan to attend: AmberMajor@peacehealth.org
