TRAINING OPPORTUNITY

FIRE INSPECTOR 1 & 2

This training provides a broad framework for fire personnel who have little or no experience in conducting fire inspections. The course is designed to provide a high-level understanding of the legal authority to conduct inspections, common fire code violations, and the various steps involved in the inspection process and provides guidance to understanding of the more complex aspects of the fire code and standards.

Upon successful course completion, the participant will be issued Notice of Course Completions

Class will meet the knowledge requirements for DPSST Fire Inspector 1 and 2 and the OSFM Competency Recognition program. Student will receive a task book upon successful completion.

REGISTRATION REQUIRED - SEATING IS LIMITED
