

Traffic Incident Management **Responder Training**

When:

Where:

Offered FREE to all local responders

Sponsored Collaboratively by ODOT & The Oregon State Police

It is time to collaboratively enhance our safety and efficiency on incident scenes by training as a single cross-disciplined team! The National TIM Responder Training Program was developed by responders for responders, and was designed to establish the foundation for and promote consistent training for all responders to achieve the three objectives of the TIM National Unified Goal (NUG):

- Responder Safety
- Safe, Quick Clearance
- Prompt, Reliable, Interoperable Communications

Why?

Responders are being struck and killed at traffic incidents in the U.S. on an average of:

- 5 fire fighters each year
- 1 law enforcement officer each month
- 1 tow truck operator each week
- Numerous transportation professionals from DOTs, Public Works, & Safety Service Patrols each year.

WHY?

The TIM Responder Training Program is an Oregon DPSST certified course, responders who attend the training receive credit for professional development. This training has also been endorsed by the International Association of Chiefs of Police (IACP), the International Association of Fire Chiefs (IAFC), The American Association of State Highway and Transportation Officials (AASHTO), the National Volunteer Fire Council (NVFC), The International Association of Directors of Law Enforcement Standards and Training (IADLEST), and the Towing and Recovery Association of America (TRAA).
