Mob plan is out! Discussion about food in the trailers and stocking for summer to be available for deployment but also local response as needed. Wallace will be working to stock these items in the trailers. Trailers have both been serviced with annual PM's.

Lane ESD CTE Fire Program: Shareen provided a further update on the status and progress towards developing the Lane ESD pathways program for the future Fire/EMS CTE program across the Lane County School Districts.

**Old Business:**

Task Force 1: Dispatch has this in service, and it is ready to deploy. There are 9 agencies involved for a single stream dispatching option should there be an activation. This task force will often dispatch and respond direct to the scene rather than a staging/deployment location. The list will be sent out again.

**New Business:**

None

**Info Sharing:**

Information sharing completed for those in the room and those online.

Meeting adjourned at 13:55 hours.
